THE DECISION was broadcast by Radio Amman. The broadcast said all diplomatic representatives in Jordan had been informed, The broadcast did not specify that action Jordan wanted the

United Nations to take. The parliamentary move came shortly after the first two of a group of 12 British-made Hawker Hunter jet planes arrived in Am-man to reinforce Jordan's tiny Air Force. The others were to fol-lers at intervals low at intervals.

THE SUPERSONIC Hawker Hunters have been on order from Britain since shortly after last July's Iraqi revolt. As a result of Monday's incident, Hussein appar-ently asked for speeded up im-mediate delivery to bolster his small Air Force which up to now has ben equipped with outdated British Vampire jets—which are no match for the Migs. U. S. foreign aid funds paid for

the planes. They were flown in from Cyprus just 24 hours after Hussein's plane was intercepted over Syria by two Soviet-built Mig-fighters and forced them to turn back to Jordan.

DESERT MAGAZINE BLDG.

ELEGANCEwithout

ostentation This, we believe, is the reason why people who set

the style are swinging to Ford as never before By now the new 1959 car models are only a few weeks old.

Yet already one fact is evident and inescapable - In almost every community across America, the leaders in style and taste are enthusiastically swinging to the new Ford even more than ever before.

Two reasons most frequently given are car design and motoring costs

In the past year, you have seen a number of rather bizarre styling innovations. Some - such as the "Sack Look" - were overnight sensations that soon lost favor. Others have "grown" in acceptance with the American public. This discrimination, we believe, again reflects the inherent good

judgment of the majority of Americans who prefer good And it was with this in mind that the 1959 Ford was styled and

created - from its Flying-V deck to its new Thin-Line graceful roof to its Fashion-Star Grille. In every thoroughbred line and elegant detail, it has the stamp of

Thunderbird. No outlandish angles, no built-out bustles. no contrived effects. Not an awkward line from any angle.

Now slip behind the wheel or settle in the back seat. All outdoors seems spread around you. Yet you don't have that "caught in a bathtub" feeling...or a need to keep your sunburn lotion handy. And you'll be glad to know those slender pillars supporting the airy roof have been triple-tested for roll-over Again in 1959, Ford respects your pocketbook...from purchase to performance to trade-in.

The new Ford Custom 300s are by far the longest, lowest, biggest, heftiest low-price Fords ever. Both standard '59 Ford engines, Six and Thunderbird V-8, run best on regular gas... saving you up to one dollar a tankful. You change oil only every 4,000 miles instead of every 1,000 - another big saving. A new, aluminized muffler normally lasts twice as long as the old type and every '59 Ford has one. A new, low-in-price Fordomatic Transmission will make stick shifting a thing of the past. You'll never have to wax Ford's exclusive "Diamond Luster" finish, the most durable ever developed.

And most of the options you want are lower priced in Ford than in many competitive makes. So-

You might say we're proud of our new'59
Fords. Proud, too, that they were awarded a Gold Medal by the French Committee of Elegance at the Brussels World's Fair. Trust your own good taste. The elegance that is Ford's in '59 will continue to appeal to

discriminating car owners for years to come. We invite you now to see and drive this most exciting Ford in history.
